"At The Legacy Club, I have been able to develop business and networking relationships with several members at the club with whom I would not have had access to otherwise. The staff and the facility promote both a professional and fun atmosphere. I have held several important business meetings and conferences at the club, and the service provided by the staff has reflected very well on me and my business."

"My membership at Atlanta National Golf Club allows me to play the TPC Stadium Course at Sawgrass. I always feel that in addition to being very similar, Atlanta National is every bit as good a course. I think ANGC is unequalled in its beauty and uniqueness with every hole an identity unto itself. It is a golfing experience that is hard to duplicate and impossible to surpass."

Larry Bacon, Atlanta National GC Member

"I believe TPC Eagle Trace to be the best corporate membership in the country. The access to the PGA TOUR's TPC Network of Clubs and The Heritage Collection of properties nationwide is phenomenal. I use this privilege extensively for my family as well as entertaining corporate clients. I know that when I schedule a business meeting at the club, I have a professional staff that I can rely on to give my clients a first class experience."

Michael Greco, TPC Eagle Trace Member

"Our TPC Michigan Corporate Membership gives us the opportunity to not only entertain local clients, but also take care of our national accounts. The ability to send customers to any of the network clubs and know that they will be taken care of is an outstanding benefit. All of the Heritage Golf Group and TPC Clubs are first class facilities, with first class operations, that make every guest feel very special."

TPC is a name that is well respected throughout the golfing community, so having a membership affords the opportunity for me to take clients and prospects on a golf outing that they will view as a real treat. The course is challenging and the staff is always professional. Weather permitting, the experience is memorable; which doesn't hurt when you're trying to close the deal."

This has been a tremendous benefit to me because it has allowed me to take business associates to a quality facility, no matter what city I am in, and receive the same care and attention as I would at my home club. My time spent on Heritage courses and at the facilities has been invaluable to me and my company in establishing and solidifying relationships with our customers and prospects."

"In my business, I deal with high net worth individuals and you're lucky if you get 15 to 30 minutes of their time when you go to their office. For me, doing business on the golf course has proven to be very successful. There is no better way to get to know someone personally than by spending a few hours on the course, building a relationship and getting them to open up to you."

"As the CEO of a local corporation, I entertain a great number of clients for lunches, dinners and other special events. Many of these guests have never had access to TPC and that makes their visit all the more special for them – and our relationship overall – which is key to adding and keeping business."

"The golf course is a great place to learn more about a person or team. As many have experienced, golf has the interesting tendency of bringing out the 'best' and the 'worst' in a person. A single round can tell you a lot about someone, and in the business world this knowledge tends to be invaluable when dealing with clients and employees."

"Polo Golf and Country Club is like no other Club in regards to the high level of service, caliber of members and dedication to the community. I enjoy entertaining family, friends and clients at the club on a regular basis. "In starting a new locally based small business, networking to build new contacts is critical to ensuring success. MEMBER TESTIMONIALS

"I have been a member at Polo Golf and Country Club for about 10 years. Since Heritage purchased the club, we have had innumerable improvements to not only the golf course, but to the social facilities, as well. I frequently bring clients and guests to the club and they are always impressed by the quality of the course and the hospitality of the members and staff. While I have played at most of the private clubs in the North Atlanta area, very few offer the combination of quality golf and a great place to conduct business in a private and friendly atmosphere. Most of us who have been members for a while feel that Polo is the best value in town.

Within our membership, we have serious tournament players; we have beginners and everything in between. Regardless of your golf ability, there is a good group to join for a regular game. All of us that use the club regularly are always happy to see new members join our ranks. For anyone considering joining a Country Club, you can't go wrong with Polo. "

"Not only is The Legacy Club one of the finest courses in Florida, but through the Heritage Collection of courses and TPC Passport we are able to take advantage of numerous private courses, from California to Hilton Head, for business and pleasure. The staff is extremely professional and has helped me to entertain my International customers and business partners with excellent golf and food – they always want to come back and play the Legacy Club again."

"As a member of Atlanta National Golf Club, I have been able to strengthen my existing client relationships by having access to a premier golf club in Atlanta. I have utilized the guest privileges for business on several occasions and will likely do so more often in the future. The staff at Atlanta National is fantastic. They go out of their way to welcome my business guests and have provided excellent service each time. It has been nice to have access to such a great facility when entertaining out of town business guests."

"I joined the TPC Passport Program through my White Columns Country Club membership. I was planning a business trip to California and was able to tie in a golf outing with my trip. I went to the TPC Passport web site, www.tpcpassport.com, and found TPC San Francisco Bay. The course was in excellent condition and we played until we couldn't see any more. I am so glad I joined the TPC Passport Program."
